

Randomised Evaluation of COVID-19 Therapy

## RECOVERY PIS+ICF Version Explanation

The initial version of the combined Participant Information Sheet and Informed Consent Form (PIS+ICF) submitted to the HRA and REC was V1.0. The current version in use is V1.4 and this document is to explain the changes between the two which in part are due to the rapid review provided by the REC.

Version	Date	Comment
1.0	2020-03-13	Initial version submitted to REC
1.1	2020-03-14	Revised version in response to initial comments provided by initial HRA/REC review (prior to committee meeting)
1.2	2020-03-17	Revised version submitted for committee review
1.3	2020-03-17	Version revised in light of committee comments and approved
1.4	2020-03-18	Version revised following NHS Digital IGARD review (and approved in non-substantial amendment 1)
