

# RECOVERY

Randomised Evaluation of COVID-19 Therapy

**Collection of follow-up data is done online at Discharge, Death or at 28 days after randomisation, whichever is the sooner. This data is crucial part of the trial.**

**There will be nominated people at your site to do the follow-up data collection**

**An example of the Case Report Form can be found on the website**

**[www.recoverytrial.net/for-site-staff/follow-up](http://www.recoverytrial.net/for-site-staff/follow-up)**

**If you think a patient has had an adverse event that is BOTH serious AND probably related to their study treatment, please call 0800 1385451. Please see the SAE form on the website**

**[www.recoverytrial.net/for-site-staff/follow-up](http://www.recoverytrial.net/for-site-staff/follow-up) for the information that will be requested.**

**If you have any questions:**

**Ask** your local Principal Investigator

**Visit** [www.recoverytrial.net](http://www.recoverytrial.net)

**Thank you for helping with this important trial**
