29<sup>th</sup> April

Dear Peter and Martin

**RECOVERY trial DMC Chairman's report**

The DMC reviewed the data that were available by the 28<sup>th</sup> April on the 7783 patients randomised. We had no concerns and recommend the study continue as planned.

We commend the trial team and research sites for the excellent progress to date with this very important trial. The Committee will next review the data on 13<sup>th</sup> May

Yours sincerely

Professor Peter Sandercock, MA, DM, FRCPE, FESO, FWSO
