For office use

QC: No

Section 1: Project information

Short project title*:	The RECOVERY Trial			
IRAS project ID* (or REC reference if no IRAS project ID is available):	281712			
Sponsor amendment reference number*:	Substantial Amendment 34			
Sponsor amendment date* (enter as DD/MM/YY):	08 January 2024			
Briefly summarise in lay language the main changes proposed in this amendment. Explain the purpose of the changes and their significance for the study. If the amendment significantly alters the research design or methodology, or could otherwise affect the scientific value of the study, supporting scientific information should be given (or enclosed separately). Indicate whether or not additional scientific critique has been obtained (note: this field will adapt to the amount of text entered)*:	GSK/Vir have provided data to support an extension to the shelf-life for the sotrovimab supplied for RECOVERY to 48 months (from their current 36-month expiry from date of manufacture). These data apply to all batches of IMP provided by GSK/Vir for the trial so this extension can be applied to all stock currently at sites (and any future stock received). Pharmacists at sites will be provided with an update pharmacy manual which will describe the full procedure (including a template worksheet to follow).

Section 2: Summary of change(s)

What do you want to update?:	Project information
	New site/PI only

Please note: Each change being made as part of the amendment must be entered separately. For example, if an amendment to a clinical trial of an investigational medicinal product (CTIMP) involves an update to the Investigator's Brochure (IB), affecting the Reference Safety Information (RSI) and so the information documents to be given to participants, these should be entered into the Amendment Tool as three separate changes. A list of all possible changes is available on the "Glossary of Amendment Options" tab. To add another change, click the "Add another change" box.

Change 1				
Area of change (select)*:	CTIMP safety			
Specific change (select - only available when area of change is selected first)*:	Data - New data or interpretation of relevance for the Investigator (including updated non-clinical data)
